

Boucher Career Education Center

| Strategic Plan |

To enhance the student experience and
exposure to their own career development

2024-2027

Vision

Students engage in an impactful environment that builds career readiness and a foundation to self-discover, transfer learning to application, and succeed when opportunity arises.

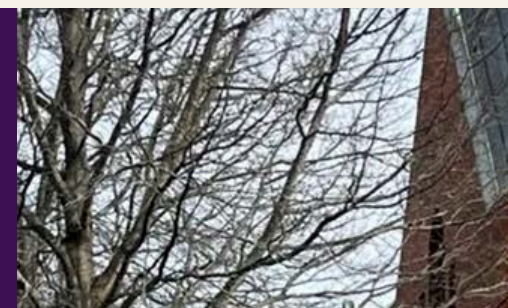

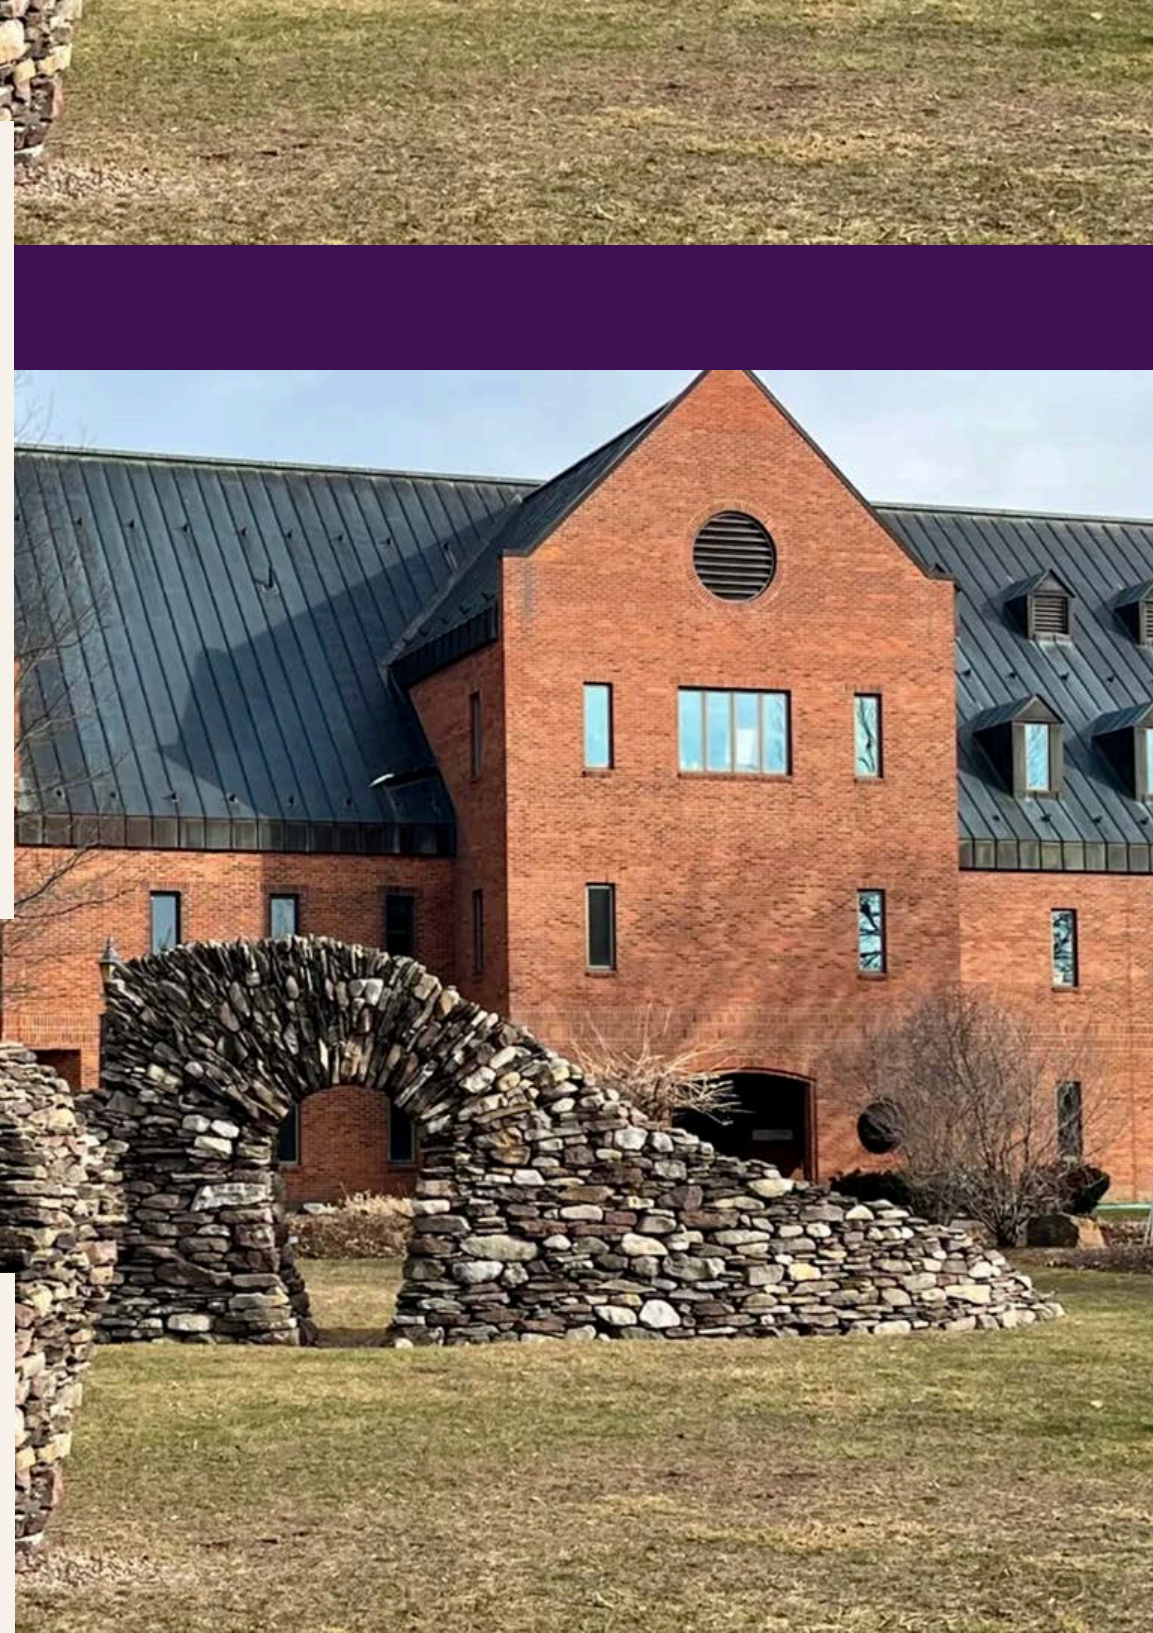

Mission

Collaborate with students to form an understanding of their values and preferences, engage in high-impact experiences, apply classroom learning to their career, build career readiness, and connect to campus and community resources; developing resilience and flexibility in students to respond to a dynamic employment landscape.

**Strengthen and evolve
partnerships with academic
and co-curricular departments**

**Increase engagement of alumni
and employer partners**

Assist students with articulating Career Competencies developed through their academic and co-academic experiences

Promote and utilize the application of diversity, equity, and inclusion principles

**Our Strategic Plan will always be centered in our foundation elements of:
Be Curious, Get Experience, Tell Your Story**

Be Curious and explore careers by assessing interests, strengths, and values

Get Experience through job shadowing, internships, academics, clubs, networking, and advanced education or training.

Tell Your Story through résumés, cover letters, and professional profiles, alongside applications and portfolios.
